

# PRODUCT SPECIFICATIONS

| Product Specifications                |  |  |
|---------------------------------------|--|--|
| Product Manufacture Permission Number | No.610 by The Ministry of Health & Welfare |  |
| Feature                               | Ionic Water Processor                      |  |
| Model                                 | Venus                                      |  |
| Input voltage                         | 120Vac,60Hz                                |  |
| Input Electricity(Power consumption)  | 0.5A(80W)                                  |  |
| Weight                                | Approx 13lbs                               |  |
| Overall Dimensions                    | 13" x 9.75" x 5.50"                        |  |
| Applicable Water Inflow Pressure      | 0.7~5kgf /cm <sup>2</sup>                  |  |
| Applicable Water Temperature          | 40 ~ 86F                                   |  |
| Unit Operation Type                   | One Touch - Automatical ionization Start   |  |
| Unit Operation Means                  | Tap - water - open and - close             |  |
| Electolysis Device                    | Electrolysis Method                        | Continuous electrolysis  |
|                                       | Electrolysis Strength                      | 1-2-3-4 level  |
|                                       | Ionized Water Output Rate                  | Max 3 Liters/minute(alkaline+acidic water)   |
|                                       | Cleaning Device                            | Automatic & Manual cleaning  |
|                                       | Electrode Materials                        | Platium and Titanium   |
| Water Purifying Device                | Filter Replacement                         | Easy replaceable cartridge   |
|                                       | Filter Life                                | Estimated filter life is variable (in ANY filter) depending on a variety of factors. With municipally treated water and normal usage, we estimate the following: one user = 12-15 months, two users = 10-12 months, a family of four = 6-9months |
|                                       | Filter Life Indicator                      | LED Filter Life Indicator  |
|                                       | Filter Composition                         | Silver impregnated activated Carbon and bio ceramic stone, calcium<br>Tourmaline space fibre ultra fine (optional)   |
| Water Purifying Device                | Auto Shut off                              |  |
| Water Supply                          | Direct connection to a tap                 |  |
